People give for a number of reasons, all very personal to them.

What motivates you?

Perhaps you feel strongly about a cause. Perhaps an organization has touched your life or the lives of loved ones. Maybe you want to create a legacy and set an example that inspires others to give. Or your giving is a way to get your family together and pass along your values to younger generations.

For as many motivations as there are to give, there are ways of giving. The key to having a rewarding giving experience is finding the best fit — for your charitable priorities, financial goals and personal preferences. This checklist is designed to help you and your professional advisor determine the custom giving solution that’s right for you.
